PRESIDENT'S LETTER

Congratulations to all the graduating students across Alabama and the country. Remember you have a free one year membership for ASSP.

Summer is here and spending time outside to enjoy all the festivities, concerts, movies, and summer trips and that wonderful activity everyone enjoys CONSTRUCTION!!! That means leaving at 5 pm for the beach only to hit the road work with 5-mile backup while trying to get down the interstate. Be patient and remember to take it easy through those miles of cones as there are plenty of workers trying to complete that road work. Let's remember while the kids are asking you for the uptime time are we there yet not to speed and pay attention to the cones or barrier and traffic around you. Have a safe summer vacation and this July 4 holiday. Be safe and enjoy your vacation wherever it may take you.

The next Alabama Chapter of ASSP will be Friday July 21, 2023 at the AGC Facility on Grantswood Road in Irondale, AL. Meeting starts at 11:30 so come and enjoy the presentation and lunch. If you can't make it in person then zoom in to the meeting.

We will be requesting assistance from our members to help us with membership, Government Affairs, and programs committees. Anyone who would like to volunteer to Chair one of these committees it would be appreciated. We would be grateful if several candidates would like to Chair the programs as our goal will be to develop and bring quality presentations to our meetings. We would also welcome anyone who wants to assist with the development of our April recognition banquet for all our members as well as a possible fall half day seminar.

Be safe and hope to see you at the Alabama Chapter meeting on July 21, 2023.

Thomas Ten Eyck, CSP
Chapter President

Governor's Safety and Health Conference

The Governor's Safety Conference will be at Orange Beach, AL August 28th through 30th. You can register at <https://training.ua.edu/governors/>.

RECENT ACTIVITY

June Meeting

Our speaker in June was *Brent Flavin* of [BoomNation](#). There was an interesting presentation about how they strive to communicate easily with employees and still address privacy concerns. They are trying to make the most of the smart phone without having to use yet another app. [You can watch it here if you missed it.](#)

CAREER OPPORTUNITIES

We are always looking to network and find out if there are job openings. The jobs must be in an Environment, Health and Safety function. For example: Fleet Safety Manager, Director of Environmental, Health and Safety, Risk Manager, etc.

We will post the jobs to our website. No charge but the chapter is always accepting donations to help establish our scholarship fund. Your contribution is appreciated.

Please e-mail the job information to secretary@alabama.assp.org.
