OSHA, 950 22nd Street North Suite 1050 Birmingham, AL 35203

06/2009 – 06/2015 - Safety and Occupational Health Specialist (This is a federal job)

Duties Include Planning inspections, reviewing the work processes, practices, and conditions characteristic of the site to be inspected. Visiting and inspecting the worksites, holding opening conferences with managers and labor union employee representatives explaining the purpose and scope of the inspection. I have performed complex investigations, including complaints, accidents, and fatalities. I have reviewed programs, training records, and files covering illness and injuries, equipment inspection data, and safety activities for evidence of compliance with the OSHA standards. Observed work operations and conditions, record hazards, and obtains proof of the violations. I interviewed management, labor union representatives and employees to acquire specific details on hazardous operational processes and conditions. Conducted closing conferences with the employer detailing all aspects of the inspection. Completed inspection reports with proposed citations. I provided trainees with on-the-job experience and in the office writing the reports.

Accomplishments: I have been part of team evaluations of complex, very large enterprises that require extensive preplanning and post inspection efforts, worked with team members with specialized expertise. Also, the coordination of simultaneous inspections resulting in significant cases with companies such as Jarden Home Brands, Pilgrim's Pride, Chapman Canopy, Trax Development, Stella Jones, Alabama Farmers' Cooperative. Have conducted inspections with 5(a)(1), repeat and willful violations. I was selected to help with the roll out of the new OIS system for Region 4 by traveling to the other Area Offices along with helping my coworkers in the Birmingham Area office daily basis, with issues pertaining to the new system.
